

Vidya's Kitchen 8-week launch

Sivakasi home-style gravies. Ordered today, delivered tomorrow.
WhatsApp bot + app.

Sep–Oct 2026 · Sivakasi 15 km · Against-order only · v1.0 from live product

This brief is written from the actual app

- 17 against-order dishes · 500gm and 1kg · Chicken / Egg / Mutton only
- Home screen Kitchen picks (not fake best-sellers) and the real checkout path
- WhatsApp bot + PWA — two doors, one kitchen
- Hard rules: 24-hour lead, Sivakasi 15 km, Razorpay only, no COD, no subscription
- Week-by-week quota: 15 posts + 5 Reels, with Week 1 named dish-by-dish

What we actually sell

Do not market this as Swiggy. The app is against-order home gravies from a Sivakasi kitchen. Default add-to-cart is 500gm. 1kg is the family/guest size. Breakfast, lunch and dinner in the app are delivery windows — there is no breakfast menu.

ONE-LINE POSITIONING (USE THIS, NOT “FAST FOOD”)

Sivakasi's home-style gourmet kitchen. Chicken, mutton and egg specials, cooked fresh against order. Order today — we deliver tomorrow. No rush orders.

Site / app	https://vidyaskitchenhome.com — mobile PWA. Not on Play Store or App Store.
Order WhatsApp	+91 75500 28179 — Vidya Bot. Prefill: “Hi Vidya's Kitchen! I'd like to place an order.”
Support	+91 93840 20119 · hello.vidyaskitchen@gmail.com
Area	Sivakasi, Tamil Nadu — 15 km of the kitchen. Ads geo-locked here only.
Order window	6 AM–6 PM IST. Slot must start at least 24 hours after the order.
Slots	Breakfast 7–9 AM · Lunch 12–2 PM · Dinner 7–9 PM (delivery windows).
Pay	Razorpay — UPI, card, net banking. COD is Coming soon. Do not advertise cash.
Fees	Packaging ₹20 + delivery ₹35 + GST 5% on items. Cancel ≥12 hours before the slot.
Cart	App: unlimited. WhatsApp bot: max 3 items. Bot nudges users to Open App for photos.

Quote the weight. Quote the app price.

These numbers are from the customer app (mobileMenuData). WhatsApp catalog uses a single “order” price that tracks the 1kg figure — never mix the two in one caption. 500gm serves 1–2; 1kg serves 3–4.

KITCHEN PICKS — HOME SCREEN ROW UNTIL WE HAVE REAL SALES

Until 8 paid units exist, the app shows these five as **Kitchen picks**, not “best sellers”. All launch ads and Week 1 content start here. Do not invent order counts.

Every ad must land on a real screen

Click-to-WhatsApp is the primary paid CTA. “Open App” is the second door (photos, deals, track). Never send Sivakasi traffic to a store listing.

CUSTOMER PATH IN THE PWA

1. Splash	First visit only (~5s). Returning users skip it. Never advertise a loading screen.
2. Phone OTP	Name + Indian mobile. Firebase OTP. WhatsApp deep link (?phone=&name=) can skip login.
3. Pin location	Must be inside 15 km of Sivakasi kitchen (9.452, 77.798). Out of range = cannot order. Test flag is currently Chennai — flip before ads.
4. Home	Greeting + Kitchen picks (5 dishes) or Best Selling once real volume exists. Vidya Bot row. Explore Menu. Favourites tab.
5. Browse Menu	Three tabs only: Chicken · Egg · Mutton. Quick-add defaults to 500gm. Photo tap opens dish detail.
6. Dish detail	500gm (serves 1–2) or 1kg (serves 3–4). Rating, highly-reordered, reviews, favourite heart. Add to cart.
7. Cart	Review items, quantities, strikethrough prices if a dish is on offer.

9. Pay	Razorpay (UPI / card / net banking). COD is 'Coming soon' — do not advertise cash. Packaging ₹20 + delivery ₹35 + GST 5%.
10. Track	Orders tab. WhatsApp help from tracking. Cancel allowed ≥ 12 hours before the slot.

AD LANDING RULE

Primary button: **WhatsApp** to +91 75500 28179. Secondary: **Order on the app** → vidyaskitchenhome.com. If the geofence is still on Chennai, pause paid traffic.

If it is not in the product, it is not in the caption

These are the fastest ways to create angry chats the kitchen cannot fulfil.

DO NOT SAY	WHAT THE PRODUCT ACTUALLY DOES
Same-day / 30-minute delivery	Hard rule: order at least 24 hours before the slot. Copy already says we do not accept rush orders.
Cash on delivery	UI shows Coming soon. API rejects COD. Payment is Razorpay only.
Weekly subscription / tiffin plan	Removed from product. Against-order only.
Breakfast dishes / full thali / veg menu	Menu is chicken, mutton, egg only. Breakfast is a delivery SLOT (7–9 AM) for the same gravies.
Play Store / App Store download	This is a website app (PWA). Send people to WhatsApp or vidyaskitchenhome.com.
Delivery all over Tamil Nadu	Sivakasi, 15 km of the kitchen. Geo-target ads inside that radius only.
Fake 'best seller' counts	Home shows Kitchen picks until 8 real units are sold. Do not invent '2,000 orders this week'.
Quote 1kg price as if it were 500gm	App prices are per weight. Default add is 500gm. Always say the weight in the caption.

Facebook Business is the shell, not the campaign

Split the ask. The marketing person brings accounts and posting. The kitchen brings capacity, the Sivakasi geofence, and the five kitchen-pick videos.

FROM THE MARKETING PERSON

- ❑ **Admin on the same Facebook Business Manager.** Page, Instagram, WhatsApp and Ads must live in one BM.
- ❑ **Instagram Professional linked to the Page.** Reels + ads run as one identity.
- ❑ **Ads Manager + kitchen's payment card.** Never a personal card.
- ❑ **WhatsApp Business Account on that BM.** Required for Click-to-WhatsApp ads. Order number is +91 75500 28179.
- ❑ **Google Business Profile ownership.** Maps search: Vidya kitchen Sivakasi.
- ❑ **Tamil / Tanglish captions + 15s Reel editing.** English-only ads will under-convert.
- ❑ **Daily 20 min for comments and DMs.** Or route every reply to kitchen WhatsApp +91 93840 20119.
- ❑ **Friday report: spend, chats, orders, cost per order.** Kill anything over ₹150 per WhatsApp chat.

FROM THE KITCHEN / VIDYA

- ❑ **Max orders the kitchen can cook per day.** This caps ad spend. Over-selling destroys reviews.
- ❑ **Exact delivery wards / pincodes inside 15 km.** Geo-target ads to the real radius.
- ❑ **Flip app geofence from Chennai test → Sivakasi.** Do not run ads while the app is in test zone.
- ❑ **First-order offer they can afford.** Push Egg Curry 500gm at ₹149 (already 25% OFF), not 40% off mutton.
- ❑ **20 food photos + 10 cooking/plating clips.** Phone vertical is enough. Shoot the five kitchen picks first.
- ❑ **Deepavali guest combos (1kg chicken + mutton).** October is the money month. Confirm surge capacity.
- ❑ **Who answers +91 75500 28179 vs +91 93840 20119.** Bot number vs support number. Ads create chats; silence kills them.
- ❑ **Permission to use customer plate photos.** Week 3 onwards we need real UGC.

Still 15 posts + 5 Reels — change the dishes, not the volume

Each week names the dishes that may appear. Everything else stays in the 15-post mix from Section 06.

WEEK	THEME	DISHES IN ROTATION	NOTE
W2 · 8–14 Sep	How to order + cut-off as a feature	Black Pepper Chicken, Wings, Egg Chalna, Chilly Dry (start).	Reel 3 this week is a screen-record of the app: Home → Kitchen picks → Add 500gm → Schedule tomorrow lunch → Razorpay. Do not film a fake Play Store download.
W3 · 15–21 Sep	Family chicken recipes + first reviews	Mom's, Sister's, SIL pepper — retell the three family stories. Ask every delivery for a plate photo.	If a customer sends a plate, that is Reel 5. No invented 5-star counts.
W4 · 22–30 Sep	Weekend 1kg + first mutton	Mutton Curry, Grandma Keema, Mutton Chukka. 1kg prices ₹1,949–1,950. Guest/Sunday only — do not sell mutton as a weekday lunchbox.	Keep Egg Curry 500gm in the mix so new people have a ₹149 door.
W5 · 1–7 Oct	Guest table combos	Fresh Cream Mutton, Spicy Mutton, Chilly Chicken Gravy. Propose a 1kg chicken + 500gm egg combo (kitchen must approve the price).	Sixth Reel: guest table set for 4.
W6 · 8–14 Oct	Navratri visitors + Idli Special	Idli Special, Keema Gravy (idli/dosa), Mutton Stew (lighter). Visitors at home = extra gravy, not a restaurant.	QR standees at 5 Sivakasi shops this week.
W7 · 15–21 Oct	Pre-Deepavali cut-off	All kitchen picks + 1kg mutton. Every caption has the Deepavali order-by date the kitchen confirms.	7 Reels. Highest ad spend. Cap ads the hour the kitchen is full.
W8 · 22–31 Oct	Deepavali week	UGC only plus sold-out honesty. Next-order coupon dated November.	Pause ads when capacity is full. Capture Google Business reviews.
